Retirement Villages Act 1999 (Section 74)

ABN: 86 504 771 740

This form is effective from 1 February 2019

St Faber's Green

AUCHENFLOWER

Name of village: St Faber's Green Retirement Village

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at www.stfabersgreen.com.au or at www.greengate.com.au.
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract – there are different types of contracts and they can be complex
- Find out the financial commitments involved – in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.

- The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 1 February 2019 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

- It is intended that the retirement village land will be subdivided by proposed survey plan 241941. A copy of survey plan 241941 is available for inspection on request.
- The effect of the registration of proposed survey plan 241941 will be to create proposed lots 1 and 2 as shown on that plan (which will replace lot 66 on registered plan 18582). Proposed lot 1 on survey plan 241941 will be excluded from the retirement village land immediately following registration of survey plan 241941 as proposed lot 1 will contain the Holy Spirit Church ('**new Church land**'). Therefore, following registration of survey plan 241941, proposed lot 2 on survey plan 241941 will comprise the retirement village land ('**new retirement village land**').
- Following practical completion of construction of the retirement village, it is intended to further subdivide the new retirement village land by registration of proposed survey plan 241942. The proposed Residential Aged Care Facility ('**RACF**') area (proposed volumetric lot 200 on SP241942) will be excluded from the retirement village land and the balance land will become the final retirement village land (proposed volumetric lot 2 on SP241942) being the '**final retirement village land**'. A copy of proposed survey plan 241942 is available for inspection on request.

Development of retirement village

- The operator plans to develop the final retirement village land in two stages but may elect also to construct all of the village in one single stage.
- A proposed master plan for the retirement village is available for inspection on request. The master plan shows the accommodation units and facilities to be constructed.
- Construction of the retirement village is planned to commence in 2019 and is planned to be completed by the end of 2020. The operator is not able to guarantee that construction of the retirement village will be commenced or completed by these dates.
- The operator reserves the right at its discretion to:
 - construct the village in stages;
 - construct further accommodation units, including as part of future stages at the village;
 - alter the type, size, configuration or design of the units;
 - relocate, reconfigure, renovate, redevelop, extend and/or improve any facilities;
 - subdivide or further subdivide a lot comprising the village land;
 - surrender or partially surrender any head lease and enter into a head lease over a smaller area;

- construct additional rooms or areas in the retirement village to be used for the purpose of office, temporary accommodation or administration; and
- alter the size of the village, by incorporating additional or adjoining land into the village or disposing of, or removing, land forming part of the village.

Number and type of units

11.2 What other exit costs do residents need to pay or contribute to?

- Sale costs for the unit
- Legal costs
- Other costs:
 - The resident is responsible for the costs and expenses the operator incurs with respect to termination of the residence contract, including costs of preparing, stamping and registering a surrender of the residence contract and stamp duty and Land Titles Office registration fees.
 - The resident is responsible for GST (including on the exit fee), if any.

Part 12 – Reinstatement and renovation of the unit

12.1 Is the resident responsible for reinstatement of the unit when they leave the unit?

Yes No

Reinstatement work means replacements or repairs that are reasonably necessary to return the unit to the same condition it was in when the resident started occupation, apart from:

- fair wear and tear; and
- renovations and other changes to the condition of the unit carried out with agreement of the resident and operator.

Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear.

Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.

12.2 Is the resident responsible for renovation of the unit when they leave the unit?

Yes, all residents pay % of any renovation costs (in same proportion as the share of the capital gain on the sale of their unit)

Optional, only applies to residents who share in the capital gain on the sale of their unit, and the resident pays 50% of any renovation costs

Note from the scheme operator: Residents who sign a 'Standard Contract' obtain 50% of any capital gain and therefore pay 50% of any renovation costs. Residents who sign an 'Alternate Contract' do not receive a share of any capital gain and therefore are not required to pay any renovation costs.

No

Renovation means replacements or repairs other than reinstatement work.

	By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.
